

# RFFRAZIONATA ACTIVATOR

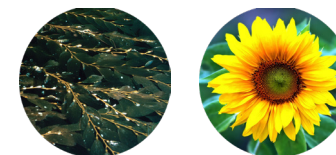

## SIERO ANTI-AGE POST RADIO FREQUENZA FRAZIONATA

### DESCRIZIONE

Activator è un siero intensivo anti-age sviluppato per esaltare il risultato del trattamento con radio frequenza frazionata.

### DESCRIPTION

Activator is an intensive anti-aging serum developed to enhance the result of fractional radio frequency treatment.

### COMPOSIZIONE

Formulato con un idrolizzato di proteine ad alto peso molecolare, microsfele reticolate e disidratate di acido ialuronico, alghe marine, collagene marino, un mix di peptidi funzionali, vit. E. Svolge una per-formante azione antirughe, liftante e rimpolpante, aiutando anche a contrastare gli inestetismi di borse e occhiaie. Lascia la pelle morbida, nutrita e distesa.

### COMPOSITION

Formulated with high molecular weight proteins hydrolyzed, crosslin-ked and dehydrated hyaluronic acid microspheres, seaweed, marine collagen, a mix of functional peptides, vitamin E, it plays an anti wrinkle, lifting and plumping action, helping to counteract puffiness and dark eye circles too. It leaves the skin soft, nourished and relaxed.

### APPLICAZIONE

Applicare il siero mattina e sera sul viso e contorno occhi con un leggero massaggio fino a completo assorbimento.

### APPLICATION

Apply the serum morning and evening on face and eye contour with a gentle massage until complete absorption
